

welcome to Studio

Studio is a unique online publishing program that allows you to use your photos to create personalized books, cards, posters, and other creative projects. Upload your photos then choose from an incredible selection of 3,500 pre-designed templates to start your project. If you want to create your own masterpiece, simply search our collection of over 45,000 art pieces to select the backgrounds and embellishments you need. There's simply nothing else like it anywhere!

endless possibilities...

The sky's the limit with Studio. The "drag and drop" interface allows you total control. Start with a template, then tweak any page element including photos, text, or embellishments to suit your style. Choose from these categories and more:

- Personalized books
- Greeting cards
- Posters
- Wrapped canvases
- Calendars
- Playing cards
- Cookbooks
- Scrap pages

so convenient...

Everything is online and there is no software to download. You'll be amazed at the quality and variety of the templates and art collections—it's like owning the whole scrapbook or craft store!

keep your photos safe...

Once uploaded to your Studio account you can rest assured that your precious photo memories are safe, secure, and ready for future projects.
